Tax Notice.

Taxes under the statute are due the 15th day of March each year. A great many of the taxpayers of Garrard county have heretofore delayed the payment of their taxes until Nov. 1, but under the new revenue law all taxes not paid by Oct 1. become delinquent, and are so reported to the county clerk at the cost of the taxpayer also 6 per cent. Don't fail to pay your taxes at once and thereby save cost and penalties. Respectfully,
C A Arnold,
7 24 12 Sheriff of Garrard.

To Advertisers and Correspondents.

In order that all hands may attend the great Lancaster Fair next week, The Record will be printed and placed in the mails next Wednesday morning two days earlier. To insure insertion, we must have matter not later than Monday, while copy for ads must be given us on Saturday. The editor will be found at the office every day during the week, and anyone desiring to settle for subscription will be received with open arms.

The politicians are making a mistake in forcing the opening of the campaign at this time of the year. The people are not ready for activity in politics. The general public is just now engaged in the tedious task of gathering up the raveled ends of business and do not want attention taken from the work in hand. The farmers are too busy with crop cultivation and garnering to stop to discuss politics. In fact no one is ready for the campaign save the politicians. And unless all signs are at fault this year has been really less to do this year than ever before in the history of the country. Forcing an active campaign on the public may result in disaster to the party that forces the issues. Two months would be ample time for all the politics the country can stand. Consequently September would be plenty early enough to open the political batteries, the people will be more or less independent this year anyway and will do very much as they please regard less of the rantings at the huskings.

A bill has been introduced in the Georgia legislature to "protect men against the wiles and banishments of women." It provides that whenever a man is lured into marriage by the use of "rats," pads, paints, open-work stockings, V-shaped corsets and peek-a-boo waists, said marriage shall be illegal and proper grounds for divorce. If such a law should be placed on the Kentucky statute books, there would be a regular stampede by fellows who would want to sit on the juries at every term of court, consequently would not only serve to protect the bridegrooms from being "ensnared" by the fair sex but would also save circuit judges and sheriffs much time in securing enough venemen.

Now that the two great parties have nominated their candidates for president and vice president—Taft and Sherman by the republicans and Bryan and Kern by the democrats—the newspapers are chock full of matter pertaining to the short-comings of each other's platform, and a suffering public will have to stand the prattle until next November. Why don't each party set forth its own good points (if it has any) instead of seeking flaws in the other? But doubtless it is less work to find fault with the other fellow than look for good points on their own side of the fence.

The employee who is ever zealous in guarding the interests of his employer will always have a job and will quickly make himself so valuable that no business can well afford to dispense with his services. This is a little fact that the fellow who is always looking for a job would do well to remember. The treacherous friend or employee is not a good person to tie to at any time or place.

A man up in Toronto was assured by the attending physician that he must die and advised that he should make his peace with all things earthly. Immediately the candidate for the services of the undertaker sent for his divorced wife and was remarried to her, and got well. His better half will for ever have the evidence at hand that he could not live without her.

Nearly everything comes in canned packages. There are canned editorials for the busy newspaper man and canned sermons for the minister and canned music. In fact there are dozens of canned things that do not come under the pure food law. It is very much to be regretted that some of the miscellaneous things are not subject to the operations of the law.

Mere book education is worth but little to the average individual. But it should not be understood that any discredit is placed on the person of mere books. Information gained from the combined wisdom of past ages is of inestimable value to those who have the native ability to rightly apply what has been learned from books.

A friendship that is nothing more than mere words is worth nothing to any one. Friendship to be worth the name must be ready to bind up the wounds of misfortune and minister to the needs of those who may have fallen by the wayside. Anything short of this is nothing more than empty professions.

The press bureaus of each political party will now get busy and furnish ready-made editorials for the newspapers. This boiler plate and cut-and-dried "copy" is sent broadcast, and its nothing unusual to see the same editorials in many papers, all worked off of course, as original matter.

A preacher down in Atlanta has started a crusade against the delivery of ice on Sunday. The chances are that his sermons are such cold propositions that he rightly reasons that all who attend his church will be so cold that they will not need any ice for the remainder of the day.

There is a summer in this summer that makes one hope that there is no land hotter than this. But speaking

of the weather, it is not out of place to remark that this is mighty good corn temperature. Nothing like taking philosophically, even the heated spells

It is a mighty desirable accomplishment to be able to forget quickly the vapid rantings of the fault finder. He no doubt has some place in the economy of the universe and with this understanding of the situation just let the matter rest.

It takes sixty doctors to look after the health of the Mikado. With that number wrangling over any possible malady he should have ample opportunity to recover before final decision as to the kind of medicine to be administered.

The authoress of "How to Keep a Husband" is now suing her husband for divorce. She should add another chapter to her book and change the title to "How to Keep a Husband if You Want Him."

It is doubtful if morality can under any circumstances be legislated into the individual. Education is the better and more lasting way of putting persons beyond the power of temptation.

Perhaps absolute good form would frown at the man in his shirt sleeves, but good common sense will just wink at the fellow who bolts good form on a hot summer day.

The brutality of the majority is without reason, nor is it ever good politics. It never hurts anyone to be fair and honest with the other fellow, though one may not agree with him.

The individual who will persist in discussion of the weather conditions should be condemned to solitary confinement without the benefit of clergy or mint juleps.

After much wrangling and an act of Congress that motto is back on the gold coin. The chances are that mighty few people have ever missed it.

Only politeness restrains the man with indignation from licking the man who says the world is growing better.

The man with the photographic smile probably thinks he is looking pleasant and hopes others notice it.

A Faithful Official.

Mr Joe E Robinson, county attorney for Garrard county, has decided, after much solicitation by his friends, to become a candidate for re-election to this very important position. The Record is greatly pleased to announce this fact, for several reasons. In the first place, Mr Robinson is a man of exceptional ability, being a lawyer of close study and hard work. He is honest and honorable, and has given his very best talents to the discharge of the many duties incumbent upon the attorney elected by the people to look after their interests. He has treated all cases alike, playing no favorites and prosecuting every man with the same

earnestness. In the circuit court he has been of great assistance to the Commonwealth's attorney, and those familiar with court proceedings, during his term of office, know that Mr Robinson has labored, unceasingly, in the prosecution of every case in that court. The law loving people appreciate such work, and we believe will show their gratitude by keeping Mr Robinson in the place he now fills. The salary and fees are small, and when a man will work so valiently for small compensation it is proof conclusive that he is faithful to his trust and should be rewarded for his valency.

Be Careful.

Registered mail especially addressed must in the future be secured by the person to whom it is addressed, and no other. You cannot send an employee or any member of your family after such a letter or parcel, nor can any such receipt at the house or the office. A father cannot touch the mail of his son or daughter, if thus safeguarded, nor has the postmaster authority to urn them over. There has been a laxity about this, heretofore, that has caused general complaint.

A DELIGHTFUL ENTERTAINMENT

The Gleaners Hold Open Session
Good Papers Read, Interest-
ing Cards Received.

By far the most enjoyable entertainment given in Lancaster in many years was the open session by the Gleaners, at the Christian church Tuesday evening. The organization is composed of ladies living in Lancaster, who meet every four weeks for the discussion of interesting and beneficial topics. Papers and history are read by different members, and the meetings are of inestimable value and benefit. The meeting Tuesday evening was presided over by Mrs Emma Kauffman, who filled the office of president with a grace and dignity highly complimented by the large audience. The session was opened with prayer by Mrs Kauffman, after which Mrs Fred P Frisbie, the efficient secretary, read the minutes of preceding meeting. Mrs Juliet Rogers then pleased the audience with two vocal solos, her sweet, sympathetic voice going straight to the hearts of the charmed listeners. Mr W B West presided at the pipe organ in a most creditable manner. The papers were of especial interest to every citizen of Lancaster, containing much history and interesting matter difficult to obtain, and matter which should be preserved by every citizen now living here or who ever lived in the good old town of Lancaster. The following papers and writers were on the program: "Early History of Lancaster," Mrs John M Farrs; "The Churches of Lancaster," Mrs F P Frisbie; "The Schools and Newspapers of Lancaster," Mrs J B Kinnaird. Mrs Jennie West had prepared a most excellent paper on "Future of Lancaster," but a recent bereavement in the family prevented her appearance. A splendid poem by Mrs Eugenia Dunlap Potts was then read by Mrs Ed C Gaines, and then came the reading of greetings sent the Club by former Lancaster people. These were especially good and interesting and were greatly enjoyed. These were read by Mrs George D Robinson. Mrs Rogers then delighted the audience with other selections especially suited to the occasion, and the audience was dismissed after spending a most enjoyable evening. The Record regrets that lack of time and space prevents a more lengthy write up of the entertainment, and we hope in the near future to reproduce some of the papers read, as the data and history contained therein is of inestimable value to people who love their home town (and they all do) and will be read and preserved for future generations to see what Lancaster has done in the past. The Record extends its most hearty congratulations to the lovely ladies upon the great success of the Club, and predicts that its future will be as successful as has been the past, and that is saying a great deal, for no organization has brought more pleasure, and, we must say, profit, to its members and the public, also.

Good Meeting at Herring's.

The meeting conducted by Rev Mr Shouse, at Herring's school house is being well attended and much good has been accomplished. Mr Shouse, who is pastor at the Fork Church, is a minister of marked ability and is doing a great work in the county. He is being assisted at this meeting by Mr Willette, of Paris, a cornetist of great ability. Mr Willette, who by the way is a man of means, spends most of his time traveling over the county and using his cornet in protracted meetings, hoping in this way to lend a helping hand towards bringing sinners into the fold. He is a splendid gentleman, and is doing great work.

EAT WHAT YOU WANT

Science Has Now Found the True Way to Cure Indigestion.

A few years ago, when a sufferer from indigestion went to a stomach specialist the result was a rigid diet list that almost meant starvation.

But the first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they can care for the food that is eaten. In no other way can this be done, and in no other way can the sufferer be cured, as taking a McRoberts tablet before each meal restores strength to the stomach muscles and stimulates the pouring out of gastric juices, so that the food is digested readily and its nourishment retained in the system to build up energy and vitality.

Do not think the sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion, will go away of themselves. The stomach must be built up and strengthened by McRoberts before you can be well and strong, free from suffering and distress.

The guarantee that leading druggists give with every 50-cent box of McRoberts, to refund the money unless the remedy cures, shows their confidence in the treatment. Sold and guaranteed by

JUST WANTED TO SEE MONEY.

And the Little Old Lady Had Her Confidence Restored.

She was a little old lady, so little and so old that with considerate friends she would never, never have been allowed alone in the hurried throng on the city streets. She was such an old little lady that she had only just learned that there had been trouble in the banks, and she had made such haste as she could to be sure that her money—all the money she had saved—was safe.

"Have you got my money?" she asked tremulously when she finally reached the teller's window.

"If you wish, I will help you," asked the teller kindly. No one could help being kind to such a little old lady.

"Twenty-five dollars," she answered. "Two tens and a five. I didn't wish to take it out," she continued apologetically, "but I should feel better if you could just let me see it."

So they showed her carefully "two tens and a five." Her faded eyes brightened, and with a grateful "Thank you," she left, every line of her bent little figure showing happy contentment and confidence, for she had seen her money.

The American in Canada.

The American farmer is a practical man; there is no clever-headed citizen in the world, and moreover he is frankly honest. When he finds in Canada a system of jurisprudence under which law is everywhere respected, when he learns that Canada has never seen a lynching, that Canadian history tells of no Indian wars, he is very willing to acknowledge that there is little here he would wish to change. The fact is that in his general views and attitude toward life no one is more like a Canadian than an American. The fact that they are subjected to similar environment and to the same broad sweeping continental forces readily explains how by merely crossing north or south an imaginary boundary line Canadian and American alike pass from one citizenship to another with far less friction than an Englishman can be transplanted to either American or Canadian soil.—Atlantic Monthly.

Poetry Won Bandit's Heart.

Prof. Bliss Perry tells a story to illustrate the advantages of literary wisdom. A friend, he says, was traveling in French mountains when on a lonely road he was stopped by highwaymen, his life threatened, and his valuables demanded. His literary instincts were to the fore, even in his extremity, and half unconsciously he burst forth with an appropriate couplet, quoted from some obscure French poet.

"Hold!" cried the leader of the highwaymen. "My comrades, this gentleman is acquainted with the works of our friend, M. So-and-So! He is, then, our brother."

The purse was returned, courtesies extended, and the traveler and three bandits adjourned to an inn near by and spent a pleasant evening.—Boston Herald.

Edison to Mark Twain.

Thomas A. Edison paid a very pretty compliment to Mark Twain at a dinner of the Engineers' club to Andrew Carnegie. Using his place card as a memorandum page, and writing with lead pencil in the small round letters characteristic of his hand, Mr. Edison inscribed a sentiment and handed the card idly over to his neighbor, L. A. Martin. It read:

"An American loves his family. If he has any love left over for some other person, he generally selects Mark Twain."—Syracuse Herald.

BEST OF PROOF

Testimonials could be printed by the thousands, many of them from our own town, that Hyomei is an absolute cure for all catarrhal troubles, but the best proof of its unusual curative powers is the guarantee that is given with every outfit sold. "Money back if Hyomei does not do all that is claimed for it."

Hyomei is not a secret remedy. Its formula is given to physicians who want to know what they use when they prescribe Hyomei. It is guaranteed under the Pure Food and Drug Law by serial No. 1418.

By breathing Hyomei, the healing medication goes directly to every nook and corner of the air passages where the catarrhal germs may lurk, and disinfects and kills. Be convinced of this you have only to give it a trial, remembering that if it does not cure, your money will be refunded.

The complete Hyomei outfit costs but \$1.00, and in most cases is sufficient to cure the disease, making it not only a scientific treatment, but one that is highly economical. Get an outfit to-day if you have any catarrh. Sold and guaranteed by

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. For every part of the body is controlled by the heart, and if the heart is weak, the body is weak. This is the reason why the heart is so important. Without it, the body would be a mere mass of flesh and blood, and would be unable to do anything. The heart is the source of life, and it is the source of strength. If you want to be strong, you must have a strong heart. Dr. Shoop's Restorative is the only medicine that can give you a strong heart. It is the only medicine that can give you the heart strength that you need. It is the only medicine that can give you the heart strength that you need. It is the only medicine that can give you the heart strength that you need.

WAS GIVEN UP TO DIE.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended, and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."

THE RAY & WALKER GREAT RELIABLE WATER FILTER.

The old adage, an ounce of prevention is worth a pound of cure, this, the Great Reliable, carries out by separating from the water all accumulations from the roof and gutter, such as bugs, leaves, dead birds, and other insects. It is reliable because it is always ready for next rain. You don't have to get up in the night to turn the cut-off to wash the roof. The Reliable is always ready for anything coming. Nothing is allowed to go into the filter to contaminate the water as it passes through it. It is the simplest constructed filter ever made, and the easiest to clean. If you want to avoid fever and have good health in your family, the most essential thing is pure water. The reliable will insure you this. The charcoal receptacle can be easily removed and the charcoal washed or fresh coal put in without disturbing the filter. The stand pipe on inside of filter has drain holes covered with fine wire gauze that makes it anti-freezing. It sells for less than any patented filter made, and a glance at our filter will insure you it is the best.

AGENTS WANTED.

We want agents in all parts of the country. Guttering, Spouting, Pumps, Etc., furnished by us on application. For particulars address

Doctored for Five Years

Here is a boy whom D. D. D. Prescription cured quickly of Eczema—and at a total cost of \$3.00—after all other remedies and many doctors had failed.

Read this letter from a grateful parent:

LANCASTER, O., Jan. 26th, '08.
The D. D. D. Company, Chicago, Ill.
Gentlemen:—I can truthfully say that D. D. D. is certainly a wonderful preparation for Eczema.

Our boy was troubled with Eczema for years, and we doctored with different doctors for years, having prescriptions filled at the drug store and also using various advertised remedies when at last we were persuaded to buy a bottle of D. D. D. at the Adams Pharmacy and try it. I am very glad to say that after using three bottles of D. D. D. all the Eczema has disappeared, and he is now as healthy as a horse. People who suffer from this quick cure after five years of almost suffering from this little skin trouble.

Yours truly,
AGNES WALKER, M. D. and Fannie Kipper.

We do not know who were Mr. Moore's doctors, but we do know that a great many of the best physicians have overcome their former prejudice and now advise their patients to simply get D. D. D. from the drug store at \$1.00 a bottle.

You will agree with us that credit is due these physicians for thus acceding the larger fees they could make by writing out their own prescriptions.

Eczema Sufferers!

Will this convince you? Or will this at least influence you enough so that you will investigate further? Investigation is all we ask. Investigation will prove to you that this pleasant external liquid—D. D. D. Prescription is based on the only scientific principle of curing the skin through the skin by killing and dislodging the Eczema germ.

The case of Herbert Moore is but one of hundreds, yes thousands. REMEMBER WE GUARANTEE CAREFULLY INVESTIGATED THIS REMEDY BEFORE ACCEPTING THE AGENCY IN OUR HOME TOWN. Knowing that D. D. D. will cure any kind of skin trouble, whether it is Eczema, Scabies, Itch, Psoriasis or other skin diseases, we have decided to recommend it in preference even to our own prescriptions.

But we realize how many times the poor skin sufferer has paid good money for a so called remedy, for many a year, useless ointments and harmful soaps. We do not want you to spend a cent until you are convinced; hence the offer of a L. A. E. C. D. D. BOTTLE FREE. A sufficient sample to take away the itch and give indications of an early cure. Don't spend a cent at your store until you have tried the free sample and have found that you too are relieved and will be cured like all the others who doubted at first.

Get this at once, mail it to the D. D. D. Co., Suite 110-112 Michigan Street, Chicago, and the free bottle will be sent at once.

Mrs W T West and daughter, Miss Bettie and Mr and Mrs Robt Embury met the remains of Eld W O Darnold at Lexington and accompanied them to Pleasureville, Henry county, where the burial took place Monday.

The following charming young ladies form a house party entertained this week by Miss Lettie Mae McRoberts: Misses Elizabeth Thatcher, of Somerset, Lillian Crouch, of Clarksville, Tenn., and Katharine Jones, of Lynchburg, Va.

Richmond Register:—Mr John H Wallace, of Louisville, with his wife and daughter, visited the home folks at Paint Lick this week. Mr Wallace is an old C U boy of the famous class '98, and has made good in the business world, filling an important place with the Stewart Dry Goods Co.

Nicholasville Journal:—Mrs Andrew Hemphill gave a six o'clock dinner Thursday, July 9, in honor of her uncle and aunt, Mr and Mrs W A Arnold, of Lancaster. A very elaborate dinner of several courses was served. Mrs Hemphill's guests included only the immediate members of her family.

Danville Advocate:—Professor Walter Hudson, who has been teaching for the past two years at Butte, Montana, was in Danville last night en route to Somerset to visit Mr John Thatcher. Mr Hudson is carried away with the West, and will return in the late summer to San Diego, California, where he has been engaged for the coming year to teach at a lucrative salary.

The editor of The Record is deeply grateful for the kind references made, at meeting of the Gleaners, to his humble efforts, and trusts that he will be able to merit some of the good things the ladies were kind enough to say of him. It is so seldom that a newspaper man's work is favorably commented upon that it certainly goes straight home with him, more especially when kind words come from noble women—God's greatest and best gift to men.

There, there, little girl, don't cry: They've changed all the styles, I know. Your Merry Widow is out of date. And so is your hipless figure straight. But there, little girl, I wouldn't cry. You'll wear a sheath skirt by and by.

Items of Local Interest

Next Monday is county court day.

Clean up your premises and get ready for the fair.

Smittie's Harp Orchestra will play for the two balls next week.

Use the sprinkling hose freely, and endeavor to keep down the abominable dust.

Don't forget to bring the urchins to the fair. They'll be admitted free on first day.

No 9 struck a cow near Silver Creek Saturday night and was delayed an hour or so.

The Crab Orchard fair was well attended each day and will pay a good dividend to the stock holders.

The W C T U will meet at 3 o'clock sharp, Saturday afternoon. All members are requested to be present.

Aunt Frankie Hiatt, an old and highly respected colored woman died Tuesday and was buried Wednesday.

Union services will be held at the Baptist church, Sunday evening, Rev J H Williams preaching the sermon.

Our friends, the advertisers, claim a great deal of space this issue, requiring a page supplement. Don't fail to read it.

The farmers will have their work well in hand next week, and a tremendous crowd will attend the Lancaster fair.

Don't be afraid to sprinkle in front of your residence, especially during the fair. There's plenty of water in Lake Placid.

Hughes & Swinebroad sold for W J Romans his cozy cottage on Stanford street, possession given first of January. Price was not made public.

Two excursions, one to Cincinnati and one to Louisville, almost depopulated Lancaster Sunday. The fare was only \$1.75 round trip to either city.

We have received a statement of the Bank of Mackville, and it is a mighty good one, too. Mr J M Smith, formerly of Bryantsville, is the bustling cashier.

The local Odd Fellows lodge was never in a more thriving condition, nor is any organization accomplishing more good. The lodge meets every Monday night.

All stores and other business houses will close at noon during the Fair. The city will have police protection in town, however, so lock up your house and go to the big show.

If you are going to have visitors next week, please ring up 43 or 46 and give us their names. There'll be people "here from the lead mines," but we want all the names.

One of the largest crowds ever seen in Danville witnessed the performance by John Robinson's circus Saturday. The doors were opened at noon in order to get the people seated.

Ben D Herndon has purchased of J F Robinson a neat cottage on Hill street and moved to same. Sauley Hughes and wife have moved into Mrs Rogers' dwelling vacated by Mr Herndon.

Please look at the label on this paper and see how you stand. The law in regard to taking papers from the post office after time of subscription is very strict, and Uncle Sam stands for no monkey business.

This is a mighty good time to lay in your coal for next winter. We are told prices will be as high as a cat's back next fall and winter. The Lancaster dealers will give you the best prices, so lay in your coal now.

Town people, who heretofore waited until afternoon to go to the fair had best go early, as a splendid dinner can be obtained on the grounds, and that, too, at a small price. The immense tent will seat all, comfortably.

Dr Elliott has rented to Jas House, 206 acres of the Beazley farm, on Lexington pike, for next year, possession first of January. One hundred and fifty acres go in hemp, and about fifty acres in corn. This includes the rest of the place.

It is the rarest thing that an arrest is made in Lancaster, which goes to show what enforcement of the law brings about. Towns suffering from blind tigers would do well to emulate the plan adopted in Lancaster—get officers who will do their duty.

Now's the Time.

As the rush incident to the Crab Orchard fair is over, now is the time to spend a week or so at Crab Orchard Springs and get yourself in shape and rest up from your labors. There is no more delightful place, while the health giving waters are far famed and unsurpassed. Drop a card to Manager J B Willis for descriptive literature.

Fine Dinner on Grounds.

The Fair directors have a contract with a Cincinnati firm of caterers to furnish dinner on the grounds, and this firm will bring a large tent, its own white servants and waiters, have plenty of good seats and serve a splendid dinner for the small sum of fifty cents. The contract names the bill of fare, and the latter is a good one. So don't go logging a great basket of grub to the fair, but get a good hot dinner on the grounds, as this will be far more satisfactory.

The official board of the Methodist church is requested to meet in the Sunday school room, Sunday morning at 10:30 o'clock. W E Moss, Treas.

Big preparations are being made at C U for exercises connected with notification of Judge Taft of his nomination for president on July 28th. Several from Lancaster will attend.

Dr Kinnauld tells The Record that it is very important for parties living along the turnpikes to cut the weeds on pikes adjoining their premises. These are not only unsightly, but spread disease. Get the hoe, and then get busy.

The congregation of Presbyterian church, Lancaster, is hereby notified and requested to attend a meeting to be held in the church, Saturday, Aug 1, 1908, at 3 o'clock p. m. to consider and decide a question of great interest to Pastor and people.

By order of Session.

The McCreary and Cat Hole Bend base ball teams will play the second game of their series on the Lancaster ball grounds, Saturday at 3 o'clock p. m. McCreary won the first game by a close score, so the defeated team is making preparations to win this one. Don't miss this one as you will get your money's worth.

Exciting Scenes.

Kennedy's Wild West Shows will give a Roman Chariot Race, free in the fair ring at the Lancaster Fair next week. Each chariot will be drawn by four horses, one driven by a lady the other by a man. This will be an exciting feature to other fair ever offered and will be absolutely free.

Mind Where You Hitch.

It should be remembered that there is an ordinance against hitching horses to shade trees, and some fellow will land in the clutches of the police if the practice is not stopped. There are many places to tie the old plugs, but be careful not to hitch to trees, as the latter are hard to cultivate and cost money, too.

Base Ball.

The Lancaster first ball team will cross bats Tuesday, July 28 with Berea. Up to the present the latter club has met defeat only once and unless the locals put up a strong game they will add to their percentage. Harper and Wheeler will be the battery for the visitors and Anderson and McRoberts for Lancaster. Come out and help our boys win, which they can do with a little encouragement.

Big Wild West Show.

Last night, the Lancaster Fair Association closed a deal with Kennedy's Famous X. I. T. Ranch and Wild West Show to exhibit on the grounds each day of the Fair. This show appears in only three towns in Kentucky—Lancaster, Lexington and Winchester. It comes direct from Electric Park, Baltimore, this park having closed down and management of this show seeking a few weeks' time until it is re-opened. There will be thirty or forty Indians also cow boys, daring lady riders and many other attractions which will be mentioned in next issue of The Record.

Job For Good Man.

Hon Harvey Helm, congressman from this district, informs us that he has, until October next, the appointment of a Second Lieutenant in the U. S. Marine Corps, which appointment he desires shall go to some worthy young man of his district. The position pays \$1,700 per annum during life of good behavior, with opportunity for promotion. It can be filled by any young man of good character, whose age is between 21 and 27 years, and who can stand the mental and physical examinations that precede the appointment. The latter is quite rigid but anyone who would care to undertake them, would, if successful receive what is considered a very desirable position in the Navy Department of the Government. Any worthy young man who so desires will be put in communication with the authorities who would arrange for his examination by writing to Mr Helm at Stanford.

Extremely Sad Death.

News of the death of Elder W O Darnold, which occurred at Glasgow Sunday evening, was a great shock to Lancaster acquaintances. Mr Darnold was married to Miss Ethel West, of Lancaster about two months ago, and was well acquainted in this city. His lovely young bride is a daughter of Postmaster W T West, and is beloved by all who know her. The wedding, which occurred at the bride's home in this city, on April 22, last, was a very brilliant affair and was witnessed by many friends of the popular young couple. They left immediately for Glasgow where Mr Darnold was pastor of the Christian church. He was stricken by typhoid fever about two weeks ago, and, while some better on Saturday, took a turn for the worse that night and died at six o'clock the following evening. The funeral was conducted at Glasgow Monday, the interment taking place in that city. To the grief-stricken young woman is extended the deepest sympathy of all who know her, and many are the prayers for the Alwise Being to extend to her strength to bear up under the great loss and grief. Mr Darnold was but twenty five years of age, and recently graduated with high honors from the Lexington Bible College, and was considered one of the most gifted ministers in the Christian church.

An Excellent Opportunity.
Offered to one who knows the art of
farming. Have decided to rent entire
farm for the year 1909. This is one of
the best and most productive farms in
this part of the state, besides being
modern and very conveniently located
on pike and railroad. In excellent
neighborhood. Mrs. O. T. Wallace, Point
Leavelle, Ky. For further information
call on J. W. Elmore, Lancaster, or
write O. T. Wallace, Wilmington, N. C.

Farm and Stock.

The Crab Orchard fair will pay a
dividend this year.
Threshing is about completed in
Central Kentucky. Average of about
half a crop is reported.

Some cattle never get too old to con-
sider it beneath their dignity of their
years to jump over a fence.

Danville court was exceedingly dull
Monday. Only a few cattle on the
market, and those had slow sale.

The Danville Advocate says Thomas
Metcalfe sold to Louisville parties 60
cattle at \$6.40 which weighed 1,370.

In some parts of the country the
roads are either bad because they have
been newly worked, or because they
have not been worked.

Bourbon News—Clarence Lebus, of
Harrison county sold to James Well 52
head of fine export cattle, averaging
1,600 pounds at 6 cents per pound.

Scarcity of labor has caused much
trouble again this season. It seems
that the importation of foreigners is
the only solution of this important
problem.

The Stanford Journal says W. O.
Walker's handsome two-year-old by
Preston sprained an elbow and could
not be shown at the Crab Orchard fair
last week.

Every farmer should attend the
county fairs, as they see good stock, all
kinds of improved machinery and get
many good pointers from mingling
with brother farmers.

At Versailles on Saturday wheat and
corn were selling at same price, 85c.
The yield of wheat is disappointing,
about 70 per cent. of usual yield. Oats
are poor, timothy good.

Fifteen sheep belonging to Solomon
L. Van Meter, of Fayette, were killed
by being poisoned with Paris green
which had been spread on the grass by
some unknown person, who is supposed
to have had a grudge against Mr. Van
Meter.

An effort is being made by officials
in New York city to find locations for
foreign laborers upon farms in the
country. This is a good move, and
should be carried to a successful end,
as colored help is almost a thing of
the past.

Down in Shelby county the onion
growers have formed an organization.
The growing of onions in that section
has become an important industry and
the Society was formed for purpose of
interchange of ideas and of obtaining
a better and uniform prices for the
product.

The French gardening methods by
which an acre of ground is made to
yield \$2,434 to \$2,200 per annum by the
forcing hot bed process has been intro-
duced in England. Vegetables are pro-
duced all the year and are forced by a
steady temperature of 90 degrees.

C. C. Clarke, of Bourbon county,
sold forty export steers at six cents
per pound; sold 9,000 bushels of blue
grass seed for August delivery; at 75
cents per bushel and 1,200 bushels of
wheat at 85 cents; he also bought two
weanling mules for October delivery
at \$150 each.

Mt. Sterling Gazette—Farmers are
beginning to buy feeding cattle in this
county, and are paying very high
prices for them. A number of sales
were made the past week at 42, 44, 5,
54, and 54 cents, something unprece-
dented at this season of the year. Feed-
ers were purchased for October deliv-
ery.

According to information received
from local officials of the Queen &
Crescent Railway, there has never been
such a supply of fruits of various kinds
shipped from the South to Northern
and Eastern markets as is being han-
dled this year. The railroad has put
on four special fast fruit trains be-
tween Chattanooga and Cincinnati
which will operate during the fruit
season.

The South produces 4 of the cotton
crop of the world. The average annual
value of the crop raised in the South-
ern states is more than \$700,000,000.
So far as cotton goods are concerned
the cotton producing States practi-
cally clothe the world. Our cotton opens
to us the market of every nation on
earth. It is the key to "the open
door." And the Farmers' Union is go-
ing to take this key out of the hands
of the speculators and keep it in their
own custody.

The wheat farms of the Northwest
are beginning to see the necessity for
organization. Heretofore they have been
at the mercy of elevator men and spec-
ulators, just as the cotton producers of
the South had been before the organi-
zation of the Farmers' Union. Against
the speculators who handle the bulk
of these crops the isolated and unorga-
nized farmers have no show for a
square deal. Organization is not a
mere matter of choice, but a necessity
and the sooner effected the better.

IMPROVEMENTS BEGUN
In Earnest in Danville.

On Tuesday, July 28, at 2 P. M.,
thirty-five beautiful lots, with concrete
walks and streets macadamized and
rolled in the most modern manner, will
be sold at public auction without re-
serve or bybid. One good lot will be
given absolutely free upon the follow-
ing conditions—Every white man and
woman attending the sale and register-
ing their names with the clerk, free of
cost, will be given a ticket entitling
them to a chance on the lot. The lucky
number will be drawn in the presence
of the gathered crowd, immediately
at the conclusion of the sale. These
lots located on beautiful Alta Avenue,
one of the most desirable resident dis-
tricts of this rapidly growing town,
offer a rare opportunity to the invest-
or or home seeker alike. All prop-
erty in Danville has gradually increased
in price for the past twenty years and
there is not a vacant house in the
town. Yet there are hundreds of peo-
ple seeking homes at high rentals.
Great care has been exercised in the
preparation of these lots for sale in
the hope of interesting the best class
of people in the best part of town.
Come and bring your friends and regis-
ter. It costs you nothing, you may be
the lucky one. Free band concerts
throughout the sale. Danville is the
home of Central University and Cal-
well College, two of the greatest insti-
tutions of learning in the state. This
city has recently been made the di-
vision of the Cincinnati Southern rail-
way. In a recent issue the Danville
Advocate said, "The lots on beautiful
Alta Avenue, are the most desira-
ble in the whole town."

phone or address,
